

Bead Embroidered Initials Class with Christy Potter Supplies and tools

My “P” reflects me– I used beads that spoke to some aspect of my life.
My “C’s” do not – I kind of used whatever was nearby!

I will supply the templates for the initials, E6000 and Ultrasuede for backing
I will have some size 11 round beads to share

You will need to bring:

Several cabochons on the smallish side, buttons and other doodads with flat backs
– anything you like!

Beads – lots of different beads, in all shapes, sizes and colors

Bead backing, beading needle, beading thread, scissors, task lamp if needed

What you will learn is: to peyote a cab or two, different filler stitches and how to
have fun doing whatever – there will be no real rules in this class!
