

WHAT IS NEEDED FOR CHANNEL JEWELRY

Kathy Statton

Spring 2022

[explanation of * ** # at the bottom of page]

TOOLS:

*Jewelers Saw & blades

#Jewelers' Pliers: Smooth flat jaw pliers & side cutter pliers or "snips" your choice

#Set of Diamond Needle Files (5pc set @ Harbor Freight)

OTHER SUPPLIES:

Sharp pointed pencil or mechanical pencil, ruler

Bring a small plastic container (OR sandwich-size zip loc bags) to keep your small pieces of wire. And you can also keep your stones in it during construction.

SUPPLIES:

* Fire Brick, Flux & Solder

**Channel Wire 1/8 inch x 22 gauge & 22 gauge sheet 3x3" both Sterling Silver

**Stainless Steel dressmaker pins (1 and 1/8 or 1 and 1/4inch length)

They usually have a ball on the end, which we'll cut off;
most fabric stores carry them, be sure you read the label – must be stainless steel; solder will stick to nickel plated pins.

you supply

* TLS has these

**purchased from teacher at cost

Pliers can be purchased from Michaels or AC Moore or Harbor Freight
