

## Lampwork Pet Lovers Beads

Marcy Lamberson, Instructor

July 9-10, 2022

**Description:** Lampwork - Pet Lovers Beads (Two-day workshop, Saturday & Sunday, July 9 & 10). Limit 10.

**Prerequisite:** Prior glass bead making experience. In this two-day glass beadmaking class, learn to better manage heat and gain glass sculpting skills while making beads shaped like your pets (dogs, cats, fish, and birds). We'll have lots of fun while learning how to make glass fur, facial expressions, body poses, and a few surprises. Just think, you can teach your glass dog or cat to sit and stay in less than two days. These glass beads make fun jewelry, gifts, and even ornaments. Guest Instructor: **Marcy Lamberson**. Tuition: NM\$350/M\$290.

**Tools and supplies** (all available at TLS except those marked \*\*):

- marver
- poking tool
- sharpish edge (knife)
- tweezers
- mashers
- glass shears
- needle nose pliers

These tools would be useful, although not required:

- tungsten tweezers\*\*
- concave/convex pliers\*\* (a few will be available to share)
- slotted paddles\*\*
- razor tool\*\* or brass stump shaper\*\*
- other favorite tools for working with or sculpting glass

If you like, you are welcome to bring a photo of your pet for inspiration and advice about how to create it in glass!
