

**TITLE: COLOR WAVE****Description:**

Adding color to your silver fabrication is not exclusive to enamel. In this project we will create a simple inlay process with crushed stone to add a wave of color.

Required tools:

- Heavy duty cutters
- Chain nose pliers
- Nylon nose pliers
- Bench block
- Hoop mandrel or something with a large curved surface that may be use for shaping and can withstand a mallet.
- Fine tweezers
- Dust mask
- Exacto knife
- Clean toothbrush

Tools will be available for purchase at the class or may be pre-ordered at [www.theUrbanbeader.com](http://www.theUrbanbeader.com) for delivery to TLS at the workshop. Use coupon code: TLS22 and the shipping will be removed.
