

## **Glass Fusing Workshop Supply and Tool List**

Please bring:

- safety glasses for protection when cutting glass and cold-working fused glass
- a full-length fabric or vinyl apron for use while cutting glass and cold-working
- an ultra-fine point Sharpie
- hand or dish towels for cleaning and drying glass
- fine point tweezers, if you already have them
- OPTIONAL: cut resistant gloves for handling glass

And, please wear closed shoes.

All other necessary tools, equipment, and supplies will be provided.
